Vision

To develop in to a model institute imparting quality education in Pharmaceutical Sciences to produce competent and creative Pharmacists for building a Dynamic & Healthy Nation.

Mission

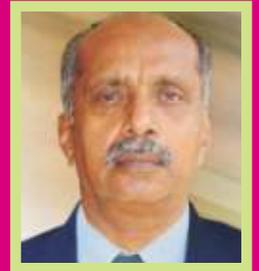

- ⊕ Ensuring a congenial environment of academic excellence in the campus teaching, training, guiding and exposing our students for higher learning in Pharmaceutical Sciences.
- ⊕ Serving our students by teaching them problem solving, leadership, teamwork skills and value of commitment to quality, ethical behavior, integrity of character, respect for one another for personal and professional growth.
- ⊕ Serving as catalyst in bringing out the best in each student in the field of Pharmaceutical Sciences.

Quality Objective

Our aim is to eliminate students complaints, experience zero operational errors and increase the satisfaction of all our students at all levels of competency by helping them to achieve higher grade marks and preparing them to make a difference in the workplace.

Quality Policy

- ⊕ To help students to discover and achieve their fullest potential and emerge as responsible and productive citizens.
- ⊕ To provide value based pharmaceutical education to meet industry, hospital and community needs through continuous improvement of infrastructure and facility for learning, practice and research.
- ⊕ Implementing quality management systems which demonstrate that everybody in the college has a commitment to the quality of our service.
- ⊕ Ensuring that each member of the college management and staff at all levels are responsible for the quality of their own work.

About the College

Sree Siddaganga College of Pharmacy, was established in the year 1983-84 by His Holiness Dr. Sree Sree Shivakumara Mahashivayogigalu, Founder President of Sree Siddaganga Math, Sree Siddaganga Education Society, Tumkur. Presently Sree Sree Siddalinga Swamiji is the president of the Sree Siddaganga Education Society, Sree Siddaganga Math, Tumkur.

Profession of Pharmacy is an integral part of the health care system. All courses in Pharmacy are approved by AICTE & Pharmacy Council of India, New Delhi, affiliated to Rajiv Gandhi University of Health Sciences, Karnataka. Sree Siddaganga College of Pharmacy has flourished into esteemed institution which is one among 130 institutions established & blessed by his holiness. It is located just 70 KM away from Bangalore towards west in a serene, picturesque place Tumkur, which is a fast developing District and is considered as education hub.

Shree Siddaganga Math is an ancient ashram fostering a continuous line of illustrious Shiva Yogi Sidda Purashas dating back to 15th century A D. The Siddaganga Kshetra, during these later years, developed to a much visited pilgrim center. More than all, Sree Siddaganga Math has become a unique Gurukula providing education to more than 10,000 poor childrens with free food and shelter irrespective of their caste, creed & religion.

Sree Siddaganga College of Pharmacy has well planned, decorative and magnanimous building and well educated highly experienced teachers to teach D.Pharm, B.Pharm, Pharm D, M.Pharm courses (Pharmaceutics, Pharmacology, Quality Assurance & Pharmacognosy) and Ph.D programs. More than 750 students are currently pursuing their studies in the institution. Faculty members have considered research as an integral part of teaching and are actively involved in research and pursuing sponsored research projects from Rajiv Gandhi University of Health Sciences, AICTE, VGST and other Pharmaceutical industries.

A huge amount has been invested on equipments and instruments to provide excellent coaching in the curricular activities. Every year lakhs of rupees will be invested on procuring chemicals for meaningful teaching in the pharmacy practicals and expose the student in a best possible way to grasp every concept of pharmacy. The academic performances of the students of this college at M.Pharm, B.Pharm, Pharm D and D.Pharm examinations, continue to be outstanding and quite encouraging. Many of our students have secured several ranks from university at both UG & PG levels and is renowned for excellence in pharmaceutical education based on its merits. Our institution has received the Best Pharmacy College and Best Principal awards for the year 2020 and 2021 from Karnataka Education Awards, Bangalore.

In order to meet the needs of pharma industry, our institution has taken up various programs such as: to establish

- Pharma Training institute.
- An approved drug testing lab.
- An approved animal breeding center to facilitate preclinical studies.
- Adverse drug reaction reporting center.

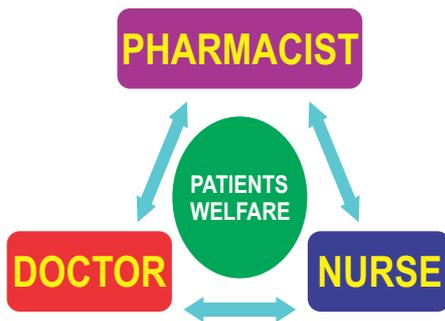

**New Building of SREE SIDDAGANGA
COLLEGE OF PHARMACY
Tumkur**

Salient features

- Our Institution is established in the year 1983
- Well-furnished library with more than 8000 volume, book bank, xerox and free internet facility
- Library services from 08AM to 08PM
- Highly qualified and experienced staff
- Well-equipped laboratories upgraded to current standards
- Free access to more than 150 online journals
- Hostel facility for girls and boys
- Research supported by various Govt. Organizations
- Direct exposure to industry
- Free GPAT/GATE coaching
- Publications in national and international journals
- Campus selection through placement cell
- Additional coaching for entrepreneurship and language proficiency development
- Information about various scholarships such as GPAT, Minority, SC/ST, OBC, Jindal & etc.
- Environment friendly green campus.

...in the address to the nation by Dr. Kalam on the eve of 55th Republic day – 2004

“Institutions of Pharmaceuticals sciences and Pharma Industries need to evolve an integrated and comprehensive National Pharma Vision to meet the challenges of design to drug development, production and marketing. The major challenge before the Pharma community is to prevent the entry of spurious drugs and eradicate it's presence in the market.”

For admission the candidate himself / herself or accompanied by his/ her parent/guardian meet the principal directly in the college office with the above said documents.

Selected candidates can confirm their seat by depositing the prescribed college fee and original documents in the office.

Code of discipline of the College

- ❖ Students must maintain perfect discipline in the campus of the institute and in its hostels. They should observe the following rules strictly
- ❖ They should not participate in any strikes or demonstrations nor encourage to do so.
- ❖ They should not involve themselves in any act, which will lower the prestige of our college.
- ❖ They should not absent themselves from the classes or examinations without the prior permission of the principal.
- ❖ They should neither misbehave nor should they show disrespect to any staff member of the college.
- ❖ They should not meddle with the instrument in the laboratories without the permission of the staff members in-charge.
- ❖ They should maintain silence in the classrooms, library and work quietly in the laboratories.
- ❖ Student who come to the classes late should seek the permission of the members of the staff before entering.
- ❖ They should abide by the rules and regulation of the college.
- ❖ If they violate the general code of discipline of the college, they are liable to be punished. Depending upon the nature of the misconduct, the punishment will be in the form of fine, suspension from the college for a definite period or expulsion from the college.

Hostel: Separate Hostel facilities are available for both Boys and Girls

RAGGING AND PUNISHMENT

Ragging means causing, inducing, compelling, forcing a student either by way of practical joke or otherwise, today any act which detracts from human dignity or violates his/her person or exposes him/her to ridicule or to forebear from doing any lawful act by intimidating, wrongfully restraining, wrongly confining, or injuring him/her or by using criminal force, extortion.

The following perverse actions also constitute the ragging.

- 1) Forcing to: Address seniors as SIRS, Perform mass drills, Copy class notes and practical records for seniors, Carry out various errands, Do menial jobs for seniors, Drink alcohol and consume drugs, Do acts with sexual overtones and homosexual acts leading to physical injury/mental torture or death.
- 2) Stripping/Kissing
- 3) Any other related or allied acts of commission would also form ragging.

PUNISHMENT FOR ERRANT STUDENTS (RAGGERS)

1. Filing of first information report (FIR) with the local police as per the Supreme Court direction.
2. Publishing the photographs of errant students (raggers) on the Notice Boards and in Local Newspapers.
3. Imprisonment for term extendable up to one year or a fine of Rs.2000.00 or both.
4. Rustication, dismissal and expulsion from the institute.
5. Embossment on marks cards and other academic certificates that he/she was indulged in ragging.
6. Non eligibility for getting passport or visa.
7. Non eligibility for campus recruitment/cancellation, if selected already.

PUNITIVE ACTION AGAINST NON-COMPLYING INSTITUTIONS

In case of the institutes having failed to combat ragging in any form, the State Governments and universities should take cognizance of the failure of mechanism in the administrative machinery of the institute and treat this as ground for the disaffiliation of the institute. The regulatory bodies such as UGC/AICTE and State Governments should freeze the release of grants to such institutes.

Pharma VISION2020

In the year 2020, pharmacists and pharmaceutical scientists working within various disciplines of pharmacy will be established and recognized as the medicines expert and an experts in health promotion and disease prevention.

- ❖ The Pharmacists will interact with other professionals as the preferred source of information and advice on prescribing and medicine management of disease.
- ❖ Pharmacists will develop their pharmaceutical expertise and facilities in order to deliver high-tech and individually-tailored medicines in the primary care setting.
- ❖ Pharmacists will actively involve in the national health programmes like promotion of essential medicines, primary health care, HIV/ AIDS, TB, Malaria, tobacco use or family planning.
- ❖ Pharmacists will become knowledgeable to participate in medication management and outcome monitoring, including the ability to alter doses and change medicines with agreed therapeutic protocols.
